Position Responsibility Statement: July 1 2018 and ending June 30 2023

Dr. Peggy Auwerda Position of Responsibility Statement (PRS) is 50% extension and 50% teaching as agreed upon in her letter of intent and signed PRS, February 10, 2019. Specifically under these categories of responsibility the following areas were outlined for completion;

Teaching/Advising Responsibilities 50%

Responsibilities include instruction of undergraduate courses in equine sciences, assisting with other courses as appropriate, advising undergraduate students, working with student clubs and integrating teaching and outreach activities. Assistance with undergraduate internships and careers in equine and animal science fields is also expected. Assistance with new student orientation, student and parent visits to campus, student recruitment and department-hosted student and parent events is expected.

Extension Responsibilities 50%

Extension responsibilities include dissemination of adult and youth equine educational materials and programs appropriate for the equine industry and clientele groups in Iowa. Creation, management and assistance with on-campus youth and adult education programs and competitions, coordinating off-campus extension activities such as the Equine Judges training and certification program and adult and youth education and competitive events is expected.

Institutional Service (outreach, economic development, international, diversity)

Dr. M. Auwerda serves on Department of Animal Science committees as directed.

| Education Degree | Institution | Date |
|-------------------------|--|-------------|
| PhD | University of Illinois, Champaign-Urbana, IL | 1988 |
| MS | University of Illinois, Champaign-Urbana, IL | 1986 |
| BS | Illinois State University, Normal, IL | 1982 |

Record of Professional Experience

1. 2009 to present. Associate Professor. Department of Animal Science, Iowa State University, Ames, Iowa. Appointment: 50% Teaching, 50% Extension
2. 1995 to 2009. Associate Professor. Department of Animal Science, Iowa State University, Ames, Iowa. Appointment: 78% Teaching, 22% Extension
3. 1989 to 1995. Assistant Professor. Department of Animal Science, Iowa State University, Ames, Iowa. Appointment: 78% Teaching, 22% Extension
4. 1988 to 1989. Assistant Professor. Director Equine Studies & Equine Instructor, Cazenovia College, Cazenovia NY. Appointment: 100% Teaching
5. 1982 to 1988. Graduate Assistant, Department of Animal Science, University of Illinois, Champaign, Illinois

Record Professional Associations

1. American Society of Animal Science
2. Equine Science Society
3. National Association Equine Affiliated Academics
4. American Quarter Horse Association
5. Iowa Horse Council

Awards, Honors, And Recognition

1. Meritorious Service Award. 2009. Iowa Horse Council
2. Waite, K., Skelly, C., Shelle, G., Miller, P., Martinson, K., Anderson, K. National University Technology Network (NUTN) 2013 Shirley Davis Award for Excellence in Blended Learning for the Equine Business Network. Submitted by eXtension HorseQuest and My Horse University

Teaching (50% Of Appointment)

Current Teaching Appointments

Animal Science 216. Equine Science. 3 credits. Taught Spring 1996 to 2006, 2018-current. The course was designed and implemented in 1996. The course was designed to introduce students to the life cycle of the horse including the history of the use of horses, anatomy, physiology, reproduction, nutrition, behavior, and health issues. *(Responsibilities – 100% instructor)*

Animal Science 313 (Formerly ANS 413). Exercise Physiology of Animals. 2 credits. F94-F97, S11, F12-F15, 2017 - current. . Goals of the course are to teach students about the interaction of physiological development relative to athletic performance in equine and performance canine. Dr. M. Auwerda taught the course from 1994-1997. Graduate students taught the course for a few years, the course was discontinued for a few years, and Dr. M. Auwerda reinstated the course in 2011. *(Responsibilities – 100% instructor)*

Animal Science 490. Independent Study. 1 to 3 credits. 1994-2020 Sole Instructor (Section A or H). 1 to 3 credit hours (repeatable for maximum of 6 credits). Elective. Can be taken spring, summer and fall. Open to juniors and seniors in animal science and dairy science showing satisfactory preparation for problems chosen. Individual topic conference and preparation of report.

Animal Science 497. Undergraduate Teaching Experience in Animal Science. (2010-2020)
Development of oral and written communication skills of technical concepts in animal science. Emphasis

on organizational skills, conducting activities and interpersonal communication skills. Responsibilities in a class under direct supervision of a faculty member.

Former Courses Designed and Taught

Animal Science 115. Horsemanship and Equitation. 1989-1994 (100% instructor), 98-06 (Taught off campus and I supervised the course),

Animal Science 199 (Also taught as 490). Marketing and Management of Equine Events. 1 credit. Taught Spring & Fall 2005, 2006, 2007, 2008, 2009, 2011, 2012). Course goals were to develop an understanding and appreciation for designing and administering an equine event including budgeting and marketing. (*Responsibilities – 100% instructor*)

Animal Science 217 (Formerly ANS 416X). Equine Farm Practicum. 2 credits. Taught Fall 2002-2011. *Dr. M. Auwerda was the sole instructor.* The course was designed to be a cooperative activity where students worked at the barn and helped prepare horses for sale. Part of the course required students to participate in chores at the horse barn – feeding and turn-out. The course also covered grooming, show preparation, photography, biosecurity, health care, business management, marketing, and nutrition.

Animal Science 316. Training the Horse. 3 Credits. Fall 1994-2005. The course was an intensive hands-on course incorporating problem solving skills. Each student was assigned a horse and had to progress themselves as well as the horse over the course of the semester. (*Responsibilities -100% instructor*)

Animal Science 414. Equine Nutrition. 2 Credits. S10, F11. The course was offered on-line. The students were required to balance a number of rations and were required to research a topic related to equine nutrition.

The course was discontinued in 2012. (*Responsibilities – 100% instructor*)

Animal Science 415. Equine Systems Management. 3 credits. Spring 1990 – Spring 2016. Students are assigned an extensive business management project. A scenario where students inherit land and some money is provided to them. The students must design a cash flow positive equine business. The project includes writing a business plan, designing a horse facility, nutrition program, health care program, marketing program and analyzing cash flow. (*Responsibilities – 100% instructor*)

Animal Science 417. Equine reproductive Management. Spring 94-95, Spring 03-Spring 09. The course involved having students help with pre-foaling, foaling and post-foaling activities. In addition, students learned to handle mares as well as stallions. The course covered in-depth equine reproductive physiology providing students with scenarios where they had to figure out the hormones to use to manipulate the mare's cycle. (*Responsibilities – 100% instructor*)

Animal Science 495. 3 credits. Spring 14, Spring 16. International Travel to Brazil

Teaching effectiveness, including student evaluation summaries.

Student Comments from 2020

Course evaluations for both courses demonstrated the students had a positive experience participating in the courses.

ANS216 comments: “Going to labs in person and having a really organized canvas!”, “The assignments and modules were easy to find and very organized!”, “Units flowed really well into the next new material”, “Having plenty of information about each topic for each homework and the tests”, “The lab assignments and homework assignments were very thorough and covered all material that we needed to know. These assignments helped me learn the material more than anything else”.

ANS313 comments: “She gave us additional resources to help us understand where she found her information and allow us to double check.”, “The course was easy to follow and keep up with on canvas. There were plenty of assignments, but nothing that was over the top.”, “I think that this class overall had very effective learning styles. With online learning, it is harder to comprehend the material because we don’t have the face to face classes”, “The lecture slides, presentation videos, additional articles and quizzes helped my learning the most. It was easy to take notes and complete the required assignments”.

New courses developed and innovative teaching techniques introduced.

Recognizing that students learn through a unique combination of auditory, visual and kinesthetic methods, I incorporate diverse methods in my teaching. My lectures have included image-rich PowerPoints, DVDs, YouTube videos, guest speakers, discussions, and Top Hat questions. I implement active learning activities such as “turn to your partner”. Because working cooperatively is essential for our students’ future success, I incorporate group activities in several classes, including evaluation of self and one another. Hands-on learning experiences are extremely important in the horse industry so, depending on the course, material is presented or demonstrated to the student and the student is then able to practice the topic. The experience allows a student to test, sense and apply information learned. In addition, hands-on learning empowers the students and builds their confidence in their knowledge and skill sets.

I was an early adopter of learning and communication platforms including WebCT, Blackboard, Canvas and StudyMate. I extensively used ThinkSpace, a learning tool developed at Iowa State University. Because of my expertise in use of ThinkSpace to aid student learning, I disseminated information about use of this teaching platform in poster presentations at two national conferences. I am scheduled as a speaker in a workshop about ThinkSpace this June at the National Association Equine Affiliated Academics. I also build assignments into courses so that students develop competencies in technology use. One novel example is developing and posting a blog on the Equine Science website during the Study Abroad trip to Brazil, which I co-led

With a combined extension and teaching appointment, I have built effective synergies into my program including providing equine-interest students with professional development and outreach opportunities, and integrating horse owners into teaching activities. Under my mentorship, student volunteers have gained experience as speakers, demonstrators, general assistants and designers for the ISU booth at the Iowa Horse Fair. These practical experiences extend their learning and have aided development of communication skills and professional interaction with the public.

Technological Activities Used In Teaching & Extension

1. Equine Blog
Published on the equine science website.
Students who traveled to Brazil in 2016 posted a blog about their travels. Extra credit for current ANS216 and ANS313 students to write a blog on a current issue.
2. Equine Science Web Site
Teaching Extension
Designed and coordinate the site.
Selected papers written by students are published in on the website. <http://extension.iastate.edu/equine>
3. Moodle
Developed a site for Master Equine Managers to access recordings, Power Points, articles and a large list of references.
4. Facebook – Iowa State University Equine Science. 2003-2020
Facebook Equine Science is used to post class images, extension activity images, events, Grazing News, club activities (B&B horse show) and posts relevant to the horse industry that other horse associations or groups have posted. 1850 Likes
<https://www.facebook.com/ISUEquine>
5. Grazing News
Selected papers written by students were published in the newsletter. An on-line newsletter sent monthly to over 2000 subscribers. Open Rate 25-30%

Teaching Activities & Accomplishments

1. International Travel to Brazil with Students 2014, 2016
2. Equestrian Club Advisor 2014-2016
3. Iowa State University Equine Science/Extension and Outreach Web-Site developed and maintained. <http://www.extension.iastate.edu/equine> 2015-Current
4. Iowa State University Block and Bridle Horse Show Facebook page developed and maintained. <http://www.facebook.com/bbhorse> 2011-2012
5. Assist with Animal Science 116X 2012
6. Substitute instructor for AnS 317A 2012-2019
7. Husby, K. Assessment of *Bacillus Subtilis* PB6 in Horses. 1st ISU Undergraduate Research Symposium 2007
8. Supervise Equine Farm – Supervise barn manager, horse inventory and sales, farm budget, breeding horses, foaling mares, evaluation of animal performance, and training horses. *Department Head discontinued faculty involvement in the management of the farms.* 1989-2005
9. Block and Bridle Horse Show 1990-2012
10. Block and Bridle Horse Interest Advisor 1990-2011
11. Animal Science Round-Up 1990-2012
12. Equine Information and Open House at the Horse Barn 2006-2001
13. AQHA Legacy Award - 50 consecutive years breeding Quarter Horses 2004
14. SCAVMA. Equine Reproduction 2002
15. Pre-Vet Club. Equine Reproduction & Foaling 2003
16. Pre-Vet Symposium. Equine Nutrition 1998
17. Animal Science Seminar. Force of the Horse 1999
18. SCAVMA. Equine Nutrition 1998

Horse Program Outside Reviewer responsibilities

1. University of Wisconsin River Falls Equine Program Review (2013)
2. Chair Ellsworth Community College, Iowa Falls, IA Equine Program Review (2011)

Undergraduate Students Advised Per Semester

- Dr. M. Auwerda currently advises ~35 students per year.
- From Spring 2011 to Spring 2019 Total advisees graduated 118

Graduate Student Advising

| <i>Completed: Served as Program of Study Major Professor</i> | | | |
|--|---|--------|------|
| Student | Major | Degree | Date |
| Anna McKelvey | Agriculture Education <i>Master Equine Manager Evaluation</i> | M. Ag. | 2008 |

Teaching Proposals submitted

1. **Auwerda, P.** 2010. Equine Nutrition and Feeding, AnS 414X. Distance education program grant: College of Agriculture and Life Sciences at Iowa State University. \$2500. *Contributed 100% of grant effort. Creation of a new course for AnS students and students in other areas. The course was on-line and taught using Adobe Connect*

Courses Taken To Improve Teaching/Extension Skills

| | |
|---|------------|
| 1. Synchronous communication tools | 2020 |
| 2. Choose your instructional tool adventure | 2020 |
| 3. Instructional innovations in the College of Agriculture and Life Sciences | 2020 |
| 4. Managing Bias | 2020 |
| 5. Title IX Training – Supervisors | 2020 |
| 6. Understanding FERPA | 2020 |
| 7. Child Abuse Awareness and Prevention | 2020 |
| 8. ISU Inclusive Classroom Training | 2020 |
| 9. Transparent Design in Higher Education Teaching and Leadership | 2020 |
| 10. Canvas Roundtable. Brenton Center. | 2018 |
| 11. Applying Quality Matters Workshop. CELT | 2018 |
| 12. Content Editor Training for Extension | 2018, 2019 |
| 13. Working on Effective Learning for Adults: Learning Objectives | 2018 |
| 14. Terro Training | 2018 |
| 15. ThinkSpace Workshop | 2017 |
| 16. Team Based Learning | 2016 |
| 17. ThinkSpace Community | 2016 |
| 18. Communication in the Classroom & Learning Circle | 2016 |

Extension (50% of Appointment)

Extension Achievements

1. Women Managing Horses. 2019-2020. The program is designed for women managing horse farms, boarding stables, land owners, and women just wanting to learn more about the horse industry and care of horses. It offers women the opportunity to learn more about managing Iowa's equine industry from a business and production perspective. The goal is to allow women to manage financial, marketing risks of their horse businesses leading to better business outcomes; improved land management, and equine welfare.
2. Master Equine Manager. 2013-2016. Revised the MEM program that incorporates 24/7 access to instruction, learning resources, written and practical assessments for adults and youth in 11th or 12th grade. The practical assessment was expanded to multiple locations including Nebraska, Connecticut and Virginia. In addition, an option was added where participants could perform a documented self-assessment. The modules and lessons are listed below.
 - a. Welfare of Horses - Horse Senses, Ethogram of the Horse. Psychological Needs of Horses, Modifying Horse Behavior, Equine Quality Assurance
 - b. Facilities and Equipment- Horse Housing, Environmental Control, Manure Management, Pasture, Paddocks, Pens & Shelters
 - c. Horse Nutrition – Digestive System, Hay for Horses, Feedstuffs, Grazing Management, Feeding Horses
 - d. Horse Health – Equine Emergency Care, Diseases, Parasites, Hoof Care
 - e. Selection of Horses - Conformation and Evaluation, Unsoundness's & Blemishes
3. Master Equine Manager I & II. 2005-2013. *Program developed with Dale Miller and Glen Easter to provide horse owners and enthusiasts with a comprehensive educational program that teaches the science of horse management. The Master Equine Manager program combines focused learning opportunities and discussion with hands-on experience. Individuals from around the nation have attended the program.*
4. Iowa Youth Horse Extravaganza. 1996-2019. Coordinated and worked with the newly formed 4H Equine Advisory committee to set up the jamboree. The extravaganza is a series of Horseless Horse contests and activities for youth interested in horses. These include Hippology, Quiz Bowl, Team Demonstration, Public Speaking, Photography, Poster, Clothes Horse, Woodworking, Poetry, Essay, Model Horse, Scrapbooking, and Digital Storytelling. Over 200 youth participate per year
5. Iowa Youth Horse Jamboree. 1996-2016. *Coordinated and worked with the 4H Equine Advisory committee to set up the jamboree. The jamboree is a series of Horseless Horse contests and activities for youth interested in horses. These include Hippology, Quiz Bowl, Team Demonstration, Public Speaking, Photography, Poster, Clothes Horse, Woodworking, Poetry, Essay, Model Horse, Scrapbooking, and Digital Storytelling. Over 200 youth participate per year*
6. Horseless Horse Project . 2003. *In conjunction with the 4-H Horse Advisory Committee we developed this new 4-H project*
7. Iowa 4-H Equine Endowment. 1996-2012. 1996-2015 *Collaborated with Iowa 4-H and Iowa 4-H Foundation to set up the Iowa 4-H Equine Endowment.*
8. Iowa Equine Task. 2004-2005. *Collaborated with Patty Judge, former Iowa Department of Agriculture and Land Stewardship Secretary, to setup the Iowa Equine Task Force. Goal – Conduct economic impact study. Completed. Ex-officio.*
9. Iowa 4H Equine Advisory Committee. 1995-2016. *Collaborated with Iowa 4-H and set up the Iowa 4-H Equine Advisory Committee.*
10. Iowa 4H Equine Advisory Committee. 1995-2019. Collaborated with Iowa 4-H and set up the Iowa 4-H Equine Advisory Committee. The committee meets 4X/year and members are instrumental in helping with the 4-H horse programs in the state.

Responsibilities In Regional And National Activities

1. Horse Biz Network blog. 2012-2015. eXtension HorseQuest. *Dr. Auwerda's contribution 100%.*
2. Question wrangler, development of successful grants for north central region, development of educational material. 2007- 2020. eXtension HorseQuest. *Dr. Auwerda's contribution 100%*

Extension Activities: Seminars and Programs Coordinated

1. Anderson, K., C. Skelley, K. Martinson, **P. Auwerda**, K. Waite, and G. Heyboer. 2013. Optimizing the Horse Industry Labor Force: A FREE Online Training Program focusing on human resource, liability, and farm safety issues. *Dr. Auwerda's contribution 40%*.
2. **Auwerda, P.** 2013. Master Equine Manager I
3. **Auwerda, P.** 2013. Functional Anatomy
4. **Auwerda, P.** 2012. Master Equine Manager I (Fall and Spring).
5. **Auwerda, P.** 2012. Equine Health and Prevention of Diseases.
6. **Auwerda, P.** 2012. Horse Health and Lameness
7. Anderson, K., C. Skelley, K. Martinson, **P. Auwerda**, K. Waite, and G. Heyboer. 2011. Keeping your equine business a vibrant part of rural communities. *Dr. Auwerda contribution 25%*
8. **Auwerda, P.** 2011. Master Equine Manager I (Fall and Spring).
9. **Auwerda, P.** 2011. Functional Anatomy.
10. **Auwerda, P.** 2010. Master Equine Manager 1 (Fall and Spring).
11. **Auwerda, P.** 2010. Breeding Management Workshop.
12. **Auwerda, P.** 2010. Equine Nutrition and Feeding.
13. **Auwerda, P.** 2010. 4-H Day at the Races.
14. **Auwerda, P.** 2009. Master Equine Manager 1 (Fall and Spring).
15. **Auwerda, P.** 2009. Breeding Management Workshop.
16. **Auwerda, P.** 2009. Functional Anatomy.
17. **Auwerda, P.** 2009. Equine Biosecurity.
18. **Auwerda, P.** 2009. Equine Business Management.
19. **Auwerda, P.** 2009. Horse Cruelty Investigation Workshop.
20. **Auwerda, P.** 2008. Master Equine Manager 1 (Fall and Spring).
21. **Auwerda, P.** 2008. Breeding Management.
22. **Auwerda, P.** 2008. Equine Emergency Care.
23. **Auwerda, P.** 2008. Horse Cruelty Investigation Workshop.
24. **Auwerda, P.** 2008. A Day in the Life of A Thoroughbred Race Horse.
25. **Auwerda, P.** 2007. Master Equine Manager 1 (Fall and Spring).
26. **Auwerda, P.** 2007. Breeding Management Workshop.
27. **Auwerda, P.** 2008. Swine-Equine Showcase.
28. **Auwerda, P.** 2007. Horse Cruelty Investigation Workshop.
29. **Auwerda, P.** 2006. Master Equine Manager 1 (Fall and Spring).
30. **Auwerda, P.** 2006. Breeding Management Workshop.
31. **Auwerda, P.** 2006. Equine Information Forum.
32. **Auwerda, P.** 2005. Breeding Management Workshop.
33. **Auwerda, P.** 2005. 4-H Horse Leaders Training.
34. **Auwerda, P.** 2004. Equine Information Forum.
35. **Auwerda, P.** 2004. Breeding Management Workshop.
36. **Auwerda, P.** 2004. Horse Owners Conference.
37. **Auwerda, P.** 2004. Equine Information Forum.
38. **Auwerda, P.** 2004. 4-H Horse Leaders Training.
39. **Auwerda, P.** 2003. Breeding Management Workshop.
40. **Auwerda, P.** 2003. Horse Owners Conference.
41. **Auwerda, P.** 2003. Equine Information Forum.
42. **Auwerda, P.** 2003. 4-H Horse Leaders Training.
43. **Auwerda, P.** 2002. Equine Information Forum.
44. **Auwerda, P.** 2002. 4-H Horse Leaders Training.
45. **Auwerda, P.** 2001. Equine Information Forum.
46. **Auwerda, P.** 2001. 4-H Horse Leaders Training.
47. **Auwerda, P.** 2001. 4-H Day at the Harness Races.
48. **Auwerda, P.** 2001. 4H Horse Leaders Training.
49. **Auwerda, P.** 2000. 4-H Horse Leaders Training.
50. **Auwerda, P.** 2000. 4-H Day at the Thoroughbred Races.
51. **Auwerda, P.** 1999. 4-H Day at the Thoroughbred Races.
52. **Auwerda, P.** 1998. Equine Breeding Management Seminar.

53. **Auwerda, P.** 1997. Riding Seminar.
54. **Auwerda, P.** 1996. Equine Business Management/Horse Show Management Seminar.
55. **Auwerda, P.** 1995. Broodmare Management Seminar.

Extension Activities: Annual Programs

1. Iowa Horse Judges Certification Clinic. 1994-2020. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program*
2. Iowa State University Booth Coverage at the Iowa Horse Fair. 1994-2020. *Contribution: 100%. Peggy Miller-Auwerda and students organized and maintained the ISU booth.*
3. Iowa State Fair 4-H Horse Show Advisor. 1990-2020. *Contribution: 50%. Peggy Miller-Auwerda was the horse show advisor.*
4. Iowa 4-H Horse Judging Contest. 1990-2020. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program and set up horse classes.*
5. Animal Science Round-Up. 2018-2020, 2012-2016, 1994-2009. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program and taught workshops*
6. Extravaganza – The jamboree was converted into a 3-day week to include Quiz Bowl, Hippology and Horse Judging. 2015-2020. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program and designed the curriculum for Hippology and Quiz Bowl Contests*
7. Iowa Youth Jamboree. 1996-2014. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program and designed the curriculum for Hippology and Quiz Bowl Contests*
8. Ring Stewards Workshop. 2008-2012. *Contribution: 100%. Peggy Miller-Auwerda was the administrator for the program and presented information*
9. Groom Elite. 2003-2011. *A program at Prairie Meadows designed to educate the workers on the backside. Peggy Miller-Auwerda was an instructor and evaluator for examinations.*

Newsletters

Grazing News, an on-line equine newsletter

Grazing News was started in 1997 as Iowa 4-H Equine News. Originally to get the newsletter to 4-H families, HorsePower, a magazine, would send it out with a copy of their magazine to 15,000 subscribers. There were a couple of years after HorsePower went out of business that the newsletter was not published. The newsletter started up again with the ease of sending newsletters on-line. Currently Grazing News has evolved into a monthly newsletter and is designed and sent via Constant Contact. Dr. Auwerda is the editor. She writes numerous articles for the newsletter.

Software Developed

1. **Miller-Auwerda, P.** and G. Dahlke. 2009. REINS – Relevant Equine Nutrition Software. (*REINS is used for teaching as well as extension programs*).
2. **Miller-Auwerda, P.** and G. Dahlke. 2005. Brands for Horses – Nutrition Software. (*Brands is the precursor for REINS*).

Sponsorships/Donations To Extension Program

1. Youth Events - Extravaganza (former Jamboree), 4-H Horse Judging Contests. Multiple sponsors.
2. Iowa State Fair 4-H Horse Championship Awards. Multiple donors.
3. Iowa 4-H and Youth Equine Endowment. Multiple donors.

Successful Funding As Primary Investigator

1. **Auwerda, P.** 2008. Mineral status and physical exercise in horses. Kemin. *Contributed 100% of grant effort. Evaluation of chromium in urine during exercise in horses.*
2. **Auwerda, P.** 2007. Assessment of *Bacillus subtilis* pb6 in equine. Kemin. *Contributed 100% of grant effort. Evaluation of Bacillus subtilis PB6 during exercise in horses. Presented at 3rd Kemin Science of Pet Food Symposium, Paris, France.*
3. **Auwerda, P.** and D. Otto. 2004-2005. Iowa horse power: an equine inventory, economic and demographic characteristics of Iowa's equine industry. Various Donors. *Contributed 100% of grant effort. Evaluation of Iowa Horse Industry economics.*
4. **Auwerda, P.** 2005. Glycemic index comparison of Kent feeds in horses. Kent Feeds. *Contributed 100% of grant effort. Evaluation of glucose index in response to various Kent feeds.*
5. **Auwerda, P.** 2004. Diamond V hindgut modifier for horses. Diamond V. *Contributed 100% of grant effort. Evaluation of the digestibility of yeast in the hindgut of the horse. Presented at 19th Equine Nutrition and Physiology Society meeting.*
6. **Miller, P.** 1998-1999. Effect of Horse-bac liquid on nutrient digestibility, gut physiology and the physiological response to exercise horses. TransAgra International, Inc. *Contributed to 100% of grant effort. Evaluation of Horse-Bac liquid on the digestibility and physiological response to exercise. Presented at 17th and 18th Equine Nutrition and Physiology Society meeting.*
7. **Miller, P.** 1997. Effect of β -hydroxy- β methyl butyrate on racing performance in thoroughbred race horses. Metabolic Technologies, Inc. *Contributed 100% of grant effort. Evaluation of β -hydroxy- β methyl butyrate in race horses at Prairie Meadows racetrack, Altoona, IA. Presented at 1998 Association for Equine Sports Medicine meeting.*
8. **Miller, P.** 1996. The effect of intensive training and β -hydroxy- β -methylbutyrate (HMB) on the physiological response to exercise in horses. Metabolic Technologies, Inc. *Contributed 100% of grant effort. Evaluation of β -hydroxy- β methyl butyrate on the physiological response to controlled treadmill exercise. Presented at 1998 Animal Science meeting.*
9. **Miller, P.** 1997. Dietary yeast supplementation in gestating mares. Diamond V, Inc. *Contributed 100% of grant effort. Evaluation of nutrient digestibility in gestating mares.*
10. **Miller, P.** 1995. Effect of Satin Finish on nutrient digestibility and the physiological response to exercise in horses. Dry Creek Trading, Inc. *Contributed 100% of grant effort. Evaluation of Satin Finish in exercising horses and the digestibility of Satin Finish.*
11. **Miller, P.** 1995. Effect of yeast culture and dietary fat on the physiological response to exercise in horses. Diamond V, Inc. *Contributed 100% of grant effort. Evaluation of Diamond V yeast culture on digestibility of fat in the horse's ration*
12. **Miller, P.** 1995. Physiological response to exercise and diet in the horse. U.S. Department of Agriculture, State Agricultural Experiment Station. *Contributed 100% of grant effort. Evaluation of chromium in urine during exercise in horses.*
13. **Miller, P.** 1994. Effect of yeast culture on the physiological response to submaximal exercise in the horse. Diamond V, Inc. *Contributed 100% of grant effort. Evaluation of the digestibility of nutrients in response to feeding yeast culture in exercising horses.*

Successful Competitive Funding As Co-Principle Investigator

1. Skelly, C., G. Shelle, K. Waite, R. Showerman, K. Anderson, and **P. Auwerda**. 2015. Developing and Delivering an Online Introduction to Horse Management Course. Michigan Alliance for Animal Agriculture
2. Anderson, K., C. Skelley, K. Martinson, **P. Auwerda**, K. Waite, and G. Heyboer. 2012-2013. Improving hiring practices and retention of the horse industry labor force through traditional and on-line employer training programs. North Central Risk Management Education Center. *Contributed 25% of grant effort. Dr. M. Auwerda would be responsible for working with speakers from CALT and marketing the program in Iowa*
3. Miller, D. and **Auwerda, P.** 2011. Master Equine Manager. Excellence in Extension. *Contributed 50% of grant effort. Development of promotional materials for the Master Equine Manager program*
4. Anderson, K., C. Skelley, K. Martinson, **P. Auwerda**, K. Waite, and G. Heyboer. 2011. Keeping your equine business a vibrant part of rural communities. North Central Regional Center for Rural Development. *Contributed 25% of grant effort. Four state (IA, MI, MN, NE) program where each site contributed 25%. At each site a business related speaker transmitted on-line to the other 3 sites and questions and answers followed. Each of the sites had a different speaker.*
5. Davis, E., L. Booth and **P. Miller**. 1994. Effect of proximal check ligament desmotomy and exercise on the healing of core lesions in the superficial digital flexor tendon of performance horses. USDA Formula Funding. *Contributed 25% of grant effort. Utilized Animal Science horses and facilities and worked with the project to help evaluate the horses*

Professional Service

Offices And Committees In Scientific Or Professional Organizations

1. National Association Equine Affiliated Academics – Chair Employer Survey (2015)
2. Midwest Animal Science Meetings – Equine Committee Chair (2012, 2016)
3. Midwest Animal Science Meetings – Equine Committee (2009-2014)
4. Equine Science Society, Board Member (1999-2002)
5. American Society of Animal Science, Equine Program Chair (1999)
6. Equine Science Society, Nutrition Program Chair (1999)
7. Iowa Horse Council Board Member (1990-2009), (2012-2014)
8. Iowa Horse Council President (1996-1998, 2001-2004)
9. Iowa Horse Council Treasurer (1992-1995)
10. Iowa Horse Council Education Chair (2000-2009)
11. NCR-136 Equine Research Chair (1995-1996)

Reviewer Responsibilities For Scientific Journals

1. Animal Science Image Gallery (2003)
2. FASS Level 1 Horse Training Module (1998)
3. ARPAS (1998-2000)
4. The Cornell Veterinarian (1995)
5. Journal Equine Veterinary Science (1995-2000)
6. Journal of Animal Science (1990-2011)
